What's happening?

State Bill Tracking

NEHPBA is currently tracking over 130 bills for our seven states. Some of these are still concept bills and have not released language yet. We expect hearings to begin shortly on several bills of concern and urge members to answer our Calls to Action when they are sent out. This is going to be a much more active legislative session than last year.

State Advocacy

- 3/9 we offered testimony - MA Clean Energy and Climate Plan for 2030
- 2/26 we submitted testimony on RI H5445 the 2021 act on climate
Update: Held for further study
- 2/18 we testified in support of CT SB 152 to allow electronic delivery of delivery tickets - Update: Bill is moving forward
- 2/18 we offered comments in support CT HB 6412 a biofuels bill to educate the committee about the importance of energy diversity
- 2/12 we testified in opposition of NH HB 172 a GHG climate bill

fossil fuels. Update: Killed in committee

- 2/8 we testified in support of NH SB 86 a bill to protect propane from state bans
- 2/9 we testified in opposition of NH SB 115 a GHG climate bill.
- 2/10 we testified in opposition to CT HB 6386 a product stewardship bill for gas cylinders
- Submitted comments on the MA Clean Energy and Climate Plan for 2030
- Submitted comments on MA Climate Bill S.9
- Submitted comments on Governor Amendments to S.9
- Submitted comments on the VT Comprehensive Energy Plan Update
- Submitted comments on One Climate Plan in ME
- Sent letters of congratulations and introduction on behalf of all members to newly elected freshman legislators in all 7 states

We would like to express our appreciation to our 2021 lobbying sponsors. Thank you for your support which especially means so much during this challenging time! We encourage our members to support and thank our annual sponsors: Hearth & Home Technologies, Kozy Heat, Northeast Distribution, Brassworks Fine Home Details, The Fireplace Guys, MCSG, Hearthside Fireplace & Patio.

Webinar: Selling the New Biomass Heater Tax Credit

Word is getting around; there's a new wood and pellet heater tax credit in town!

Depending on the product, your customers could qualify for a tax credit of 26 percent of the purchase and installation costs of a new wood or pellet heater. This is a HUGE credit and a real game changer for the industry.

- During this webinar, we'll cover:
- What could qualify?
- How long is the credit in effect?
- Can the credit be used for onsite labor costs?
- Can the credit be claimed for products installed in newly built homes?
- And more

Join us March 11 at 1:00 pm EST for an HPBA *members-only* webinar for retailers, reps, and distributors for the answers to these questions and more.
